

Movable
Containers

Boundary
Line

The diagram shows a stack of six containers, each represented as a 3x3 grid. The containers are numbered 1 through 11. The bottom container (1) is on a thick horizontal line labeled 'Boundary Line'. Containers 2 through 6 are stacked on top of it. A large curly brace on the left groups containers 2 through 6, with the label 'Movable Containers' next to it. The top container (6) has the number 11 in its top-right cell. The other cells in the grids are empty.
